Contents

Foreword	III	
Preface	IV	
Acknowledgements	V	
Chapter I	Introduction	1
	<i>Ganesh Shivakoti and Elinor Ostrom</i>	
Chapter II	Rapid and Participatory Rural Appraisal	7
	Introduction	7
	<i>Gerard J. Gill</i>	
	Participatory Approaches to Management of Local Resources in South India	10
	<i>James Mascarenhas</i>	
	Villager Collection and Marketing of Alternative Forest Resources (AFRs) and AFR Importance for Farm Forestry Planning and Management	17
	<i>Don A. Messerschmidt and A.L. Hammett</i>	
	Irrigation Policy Research in Nepal: Using PRA Methods to Investigate and Incorporate Indigenous Knowledge	34
	<i>Gerard J. Gill</i>	
Chapter III	Inventory Technique for Resource Information and Policy Inputs	47
	Introduction	47
	<i>Ashutosh Shukla</i>	
	Use of Case Studies and Structural Coding in a Relational Database for Storage and Analysis of Irrigation Institutions and Systems in Nepal	49
	<i>Elinor Ostrom, Paul Benjamin and Ganesh Shivakoti</i>	
	An Institutional Analysis Approach: Findings from the NIIS on Irrigation Performance	69
	<i>Wai Fung Lam, Myungsuk Lee, Elinor Ostrom</i>	
	Use of Inventory Methods for Policy Input: Experience from Irrigation Resource Inventory of East Chitwan	94
	<i>A. Shukla, K. Gajurel, G. Shivakoti and other members of IAAS IMSSG Group</i>	
	Experience of Irrigation Inventory and Irrigation Support in Dhading	117
	<i>B. N. Acharya</i>	

	✓ Management Information Needs for Groundwater Irrigation within a Large Canal System <i>K. V. Raju</i>	123
Chapter IV	GIS: A Tool For Synthesizing Inventory, PRA and other Information Systems	143
	Introduction <i>Indra Sharan Karki</i>	143
	✓ Geographic Information System (GIS) Applications in Irrigation Development, Planning and Management <i>Indra Sharan Karki</i>	148
	✓ Use of Statistical and Geographic Analysis in a Farmer-Managed Irrigation System Study <i>Olivia Aubriot</i>	160
Chapter V	Combination of Methods for Data Collection	169
	Introduction <i>Elinor Ostrom</i>	169
	Village People & Satellite Imagery <i>Samuel Joseph</i>	171
	✓ Farmer-to-farmer Training as a Way of Assistance to the Farmers on the Improvement of Irrigation Systems <i>Ujjwal Pradhan</i>	178
	✓ Farmers' Water Rights and Their Relation to Data Collection and Management <i>Ujjwal Pradhan</i>	187
Chapter VI	✓ Field Visit Reports from Kathar, Badgaon and Surtana Irrigation Systems	199
	Introduction <i>Ashutosh Skukla</i>	199
	✓ Kathar Irrigation System	201
	Badgaon Irrigation System	208
	Surtana Irrigation System	217
Chapter VII	✓ Toward A More Participatory Framework for Information Systems in Natural Resource Development: Where Do We Go Next? <i>Douglas Vermillion</i>	227
Postscript	<i>Ganesh Shivakoti and Elinor Ostrom</i>	241
Appendices		
	I. Selected Outcomes of PRA Exercises	
	II. Workshop Program	
	III. Participant List
