

Status and Future Direction of Water Research in Sri Lanka

Proceedings of the National Conference
Held at the BMICH, Colombo, Sri Lanka

4-6 November, 1998

M. Samad

N. T. S. Wijesekera
and

Alfred Birch, editors

INTERNATIONAL WATER MANAGEMENT INSTITUTE

Contents

Foreword	xvii
Preface	xix
Conference Recommendation: An Action Plan for Strengthening Water Research in Sri Lanka	xxi
Keynote Address: Water Management Challenges in an Era of Competing Demands <i>Nanda Abeywickrama</i>	xxiii
Status of Water Resources Research in Sri Lanka and the Potential for Further Study <i>C. M. Madduma Bandara</i>	xxxvii

PART 1 — REVIEWED PAPERS

Research Possibilities in Rainwater Harvesting in Sri Lanka <i>M. D. C. Abhayaratna</i>	3
Water Supply and Demand in Sri Lanka: Differences at District Level <i>Upali A. Amarasinghe, Lal Mutuwatta, and R. Sakthivadivel</i>	11
Multiple Uses of Water in the Kirindi Oya Irrigation System, Sri Lanka <i>Margaretha Bakker</i>	29
Development of Guidelines for Efficient Use of Agro-Wells <i>C. Shanthi de Silva</i>	39
Economic Impacts of Irrigation Water Management: Huruluwewa Major Irrigation Scheme <i>K. M. Gunaratne</i>	49
Assessing the Impact of Land Use Conversions on Water Demand: A Prerequisite for Policy Formulation for Water Allocation <i>E. R. N. Gunawardena</i>	59
Institutions for Shared Management of Land and Water on Watersheds: A Case Study from Sri Lanka <i>K. Jinapala, D. J. Merrey, and P. G. Somaratna</i>	67

Irrigation Water Quality in the Southeastern Dry Zone of Sri Lanka: The Kirindi Oya Scheme <i>Y. Matsuno, W. K. B. Elkaduwa, and Y. Shinogi</i>	89
An Assessment of Sustainability in the Approaches Adopted to Introduce Comprehensive Water Resources Management to Sri Lanka <i>P. Muthukuda</i>	101
The Use of Optimization Techniques in Planning and Management of Complex Water Resources Systems <i>K. D. W. Nandalal</i>	119
Low-Cost Water Treatment Technologies for the Rural Sector <i>J. P. Padmasiri</i>	131
Institutional Framework for the Development and Management of Large-Scale Irrigated Agriculture in the Dry Zone of Sri Lanka: Mahaweli as an Example <i>Senaka Samarasinghe</i>	143
Agro-Climatic Risk and Irrigation Need of the Nilwala Basin of Southern Sri Lanka <i>K. D. N. Weerasinghe, W. K. B. Elkaduwa, C. R. Panabokke, Suneetha Malmalage, and W. S. Attanayake</i>	153
Status of Water Data Collection, Processing, and Management: Sri Lanka <i>N. T. S. Wijesekera, D. C. Malone, D. A. J. Ranwala, and B. P. N. Mendis</i>	165
Impact of Intensive Vegetable Cultivation on Drinking Water Quality in the Upcountry Region of Sri Lanka <i>J. D. H. Wijewardena</i>	177

PART II — ABSTRACTS OF PAPERS PRESENTED AT THE CONFERENCE

Research Possibilities of Rainwater Harvesting in Sri Lanka <i>M. D. C. Abhayaratna</i> Department of Geography, University of Sri Jayewardenepura, Nugegoda	195
Bridging the Gap in Resource Mobilization: Avoiding the Crisis in Sustainable Irrigation Management in Sri Lanka <i>M. M. M. Aheeyar</i> Hector Kobbekaduwa Agrarian Research and Training Institute, Colombo	196

Water Supply and Demand in Sri Lanka: Differences at District Level <i>Upali A. Amarasinghe, Lal Mutuwatta, and R. Sakthivadivel</i>	197
Rainwater Harvesting as a Means of Water Security <i>R. De S. Ariyabandu</i> Hector Kobbekaduwa Agrarian Research and Training Institute, 114, Wijerama Mawatha, Colombo 7	198
Multiple Uses of Water in the Kirindi Oya Irrigation System, Sri Lanka <i>Margaretha Bakker</i>	199
Land Surface Evapotranspiration for Water Balance in the Kirindi Oya Watershed: A Remote Sensing Approach <i>Palitha Bandara, Bastiaanssen, and Lucas Janssen</i> Irrigation Department, P.O. Box 1138, Colombo, Sri Lanka International Institute for Aerospace Survey and Earth Science (ITC), P.O.Box 6,7500 AWA, Enschede, The Netherlands International Irrigation Management Institute, P.O.Box 2075, Colombo, Sri Lanka ..	200
Participation of User Groups to Overcome Some Adverse Environmental Impacts of Watershed Management Practices <i>R. K. L. P. Caldera</i> Post-Graduate Institute of Agriculture, University of Peradeniya	201
A Study on the Interception Process and Its Hydrological Impact <i>Shahane de Costa</i> Department of Civil Engineering, Open University of Sri Lanka, Nawala, Nugegoda..	202
Need for Water Research during Planning of Rural Integrated Development Projects, Based on Lessons Learned in the Mahaweli Ganga Development Scheme <i>Dharmasiri de Silva</i> MECA, Mahaweli Authority of Sri Lanka	203
Sustainable Use of the Precious Groundwater Resources in Sri Lanka through a Systematic Research Approach <i>C. Shanthi de Silva</i> Faculty of Engineering Technology, The Open University, Nawala, Nugegoda.	205

Privatization and Water Policies

Sunethra De Silva

National Water Supply and Drainage Board, Colombo 206

Hydrologic Model for Selected Sub-Catchments in the Mahaweli Basin of Sri Lanka

T. R. W. S. Dhanapala and H. A. H. Jayasena

Department of Geology, University of Peradeniya, Peradeniya, Sri Lanka 207

A Stride towards Micro-Level Water Management in Sri Lanka:

Research and Applications

P. B. Dharmasena, Field Crops Research & Development Institute, Maha Illupallama*A. Fleddermann*, NWP Dry-Zone Participatory Rural Development Project,

New Secretariat Building, Dambulla Road, Kurunegala

W. L. Weerakoon, Sewalanka Foundation, 128, High Level Road, Nugegoda 208

Women's Roles and Realities in Water Management

Vijita Fernando

Journalist, Member, Board of Management NGO W&S Decade Service 210

Data and Models: A Symbiotic Relationship

Ranjit Galappatti and Anura Jayantha Ranwala

Lanka Hydraulic Institute 211

Isolation and Identification of Bacteria from Textile Wastewater

and Evaluation of the Biodegradability of Textile Dyes

M. P. Ginige, P. M. G. Pathiraja, S. I. Abeygunawardana, and G. S. Widanapathirana

Department of Microbiology, University of Kelaniya 212

Application of Mathematical Modeling in Coastal Engineering Investigations

P. P. Gunaratna, R. M. R. P. Ranaweera, and D. S. Abeyvirigunawardana

Lanka Hydraulic Institute Ltd., John Rodrigo Mawatha, Katubedda 213

Characterization of Liquid Effluent from a Pharmaceutical Production Facility

Manishal Gunasekera, Department of Chemical Engineering, University of Moratuwa*Indrika Abeygunawardana*, Department of Microbiology, University of Kelaniya*Ajith De Alwis*, Department of Chemical Engineering, University of Moratuwa*W. Pathirana*, State Pharmaceuticals Manufacturing Corporation, Ratmalana 214

Batticaloa Lagoon: An Ideal Resource, Idle

Thangamuthu Jayasingham

Department of Botany, Eastern University, Chankaladi 215

Some Suggestions to Develop Groundwater Management in Sri Lanka <i>U. de S. Jayawardena</i> Department of Civil Engineering, Faculty of Engineering, University of Peradeniya, Peradeniya	217
Institutions for Shared Management of Land and Water on Watersheds: A Case Study from Sri Lanka <i>K. Jinapala, D.J. Merrey, and P.G. Somaratna</i>	218
Planning of Watershed Development Projects Using Non-Project-Focused Participatory Methods: Lessons from Mee Oya <i>K. Jinapala, R. B. Senaka Arachchi, P.G. Somaratna, G. Jayasinghe, and I.W. Makin..</i>	219
Characterization of Rainfall in the Low Country Wet Zone in Terms of Crop Water Requirements of Annual Field Crops	220
<i>H.K. Kadupitiya, H.B. Nayakekoral, and Chithranayana</i>	
Water User Associations: Potential and Limitations <i>N. N. Kamaladasa</i>	221
Catchment Water Balance Studies <i>G. B. Keerthiratne</i> National Resources Management Centre, Department of Agriculture, Peradeniya	222
Determination of Water Use and Crop Yield Production Functions for Soybean, Using Drainage Lysimeters <i>G. B. Keerthiratne</i> National Resources Management Centre, Department of Agriculture, Peradeniya	223
Hydrogeological Investigation and Exploitation of Groundwater in the Spring Zone <i>A. A. Kodippili</i> National Water Supply and Drainage Board, Ratmalana	224
Adoption of Soil and Water Conservation Technologies by Resource-Poor Farmers: A Case Study in the North Central Province <i>I. W. Makin, R. B. Senaka Arachchi, P. G. Somaratne, and Gayathree Jayasinghe ...</i>	225
Irrigation Water Quality in the Southeastern Dry Zone of Sri Lanka: A Case Study of the Kirindi Oya Scheme <i>Y. Matsuno, W.K.B. Elkaduwa, and Y. Shinogi</i>	226

An Assessment of Sustainability in the Approaches Adopted to Introduce Comprehensive Water Resources Management to Sri Lanka <i>Palitha S. M. Muthukude</i> Water Resources Secretariat	227
Use of Optimization Techniques in Planning and Management of Complex Water Resources Systems <i>K. D. W. Nandalal</i> Department of Civil Engineering, University of Peradeniya, Peradeniya	229
Optimum Water Allocation in a Diversion-Type Irrigation Scheme: Gampolawela Rajaela Diversion Scheme <i>K. D. W. Nandalal and U. R. Ratnayake</i> Department of Civil Engineering, University of Peradeniya, Peradeniya	230
Evaluation of Agriculturally Important Water Quality Parameters of the Kitawala Anicut, Gampaha District <i>A. N. Navaratne and A.P. Aluthge</i> Department of Chemistry, University of Peradeniya, Peradeniya	231
Rainwater Harvesting for Agro-Ecological Risk Elimination in Matara District <i>C. M. Navaratne, K. D. N. Weerasinghe, and K. S. D. Bopitiya</i> Department of Agricultural Engineering, Faculty of Agriculture University of Ruhuna, Mapalana, Kamburupitiya	232
Efficient Utilization of Irrigation Water in Small Tanks <i>W. M. U. Navaratne</i>	233
Water Use by Vegetation under Different Land Uses in the Mid-Country Intermediate Zone of Sri Lanka <i>H. B. Nayakekorala</i> Department of Agriculture, Peradeniya	235
Low-Cost Water Treatment Technologies for the Rural Sector <i>J. D. Padmasiri</i> National Water Supply and Drainage Board	236
Community Management Model for Irrigation Management Transfer: Moraketiya DC7 in Embilipitiya Block of the Uda Walawe Project <i>L. R. Perera and K. Jinapala</i>	237

Removal of Heavy Metal Ions from Polluted Water, Using Environmentally Friendly Materials <i>Namal Priyantha, D. T. B. Tennakoon, Saman Keerthiratne, and Thushara Abeyasinghe</i> Department of Chemistry, University of Peradeniya, Peradeniya	238
Hydrogeochemical Behavior in the Central Mahaweli Basin of Sri Lanka <i>R. R. G. R. Rajapakse, M. N. M. Suhail, N. W. B. Balasooriya, and H. A. H. Jayasena</i> Department of Geology, University of Peradeniya, Peradeniya, Sri Lanka	239
Impact of Participatory Irrigation Management on the Performance of Irrigation Schemes in Sri Lanka? <i>M. Samad</i> Research Associate, IWMI	240
Institutional Framework for Large Watershed Human Settlements <i>Senaka Samarasinghe</i> WRS, Pelawatta, Battaramulla	241
Advances in Irrigation of Sugarcane in Sri Lanka <i>K. Sanmuganathan, T. B. J. Rajapakse, and D. M. P. Dissanayake</i> Sugarcane Research Institute, Uda Walawe, Sri Lanka	242
Storm Transposition in Sri Lanka <i>L.W. Seneviratne, B.Sc Eng., M.Eng (Hydrology), M.Eng (Environmental Engineering and Management)</i> Deputy Director, Irrigation Department, Colombo	243
Simulation of the Water Balance in a Dry-Zone Tank Cascade <i>Yoshiyuki Shinogi, Ian W. Makin, and D. D. Prabath Witharana</i>	244
Social and Environmental Aspects of Watershed Vulnerability in the Sri Lankan Hill Country <i>Ralf Starkloff, Sabaragamuwa University</i>	245
Water Resources Management in the Dry Zone of Sri Lanka: Institutional Roots under Water? <i>Irna van der Molen, Ph.D. candidate</i> Technology and Development Group; University of Twente, P.O. Box 217; 7500 AE Enschede; The Netherlands	246

Agro-Climatic Risk and Irrigation Need in the Nilwala Basin, Southern Sri Lanka <i>K. D. N. Weerasinghe, W. K. B. Elkaduwa, and C. R. Panabokke</i>	247
Developing a Domestic Water Scarcity Index in a Multiple Water-Source Situation <i>Parakrama Weligamage</i> Consultant, International Irrigation Management Institute	248
SPCOP—Economic Achievements of the Lunugamvehera Irrigation Settlement: A Comparative Study <i>L. K. W. Wijayaratne and Mangala De Zoysa</i> Department of Agricultural Economics, Faculty of Agriculture, University of Ruhuna, Mapalana	249
The Importance of Managing Groundwater Sources in the Koggala Free-Trade-Zone Area to Prevent Environmental Hazards <i>R. S. Wijesequera</i> , Water Resources Board	250
A Solution to Scaling Problems and Operational Difficulties in the Mihintale Drinking Water Supply Scheme <i>L. P. R. J. Wijesinghe and K. R. R. Mahanama</i> Regional Laboratory, NWSDB, Anuradhapura Department of Chemistry, University of Colombo	251
Impact of Intensive Vegetable Cultivation on Drinking Water Quality in the Upcountry Region of Sri Lanka <i>J. D. H. Wijewardena</i> Regional Agricultural Research and Development Centre, Bandarawela	252

PART III — TITLES OF PAPERS (WITHOUT ABSTRACTS)

Role of Farmer Organizations in Canal Irrigation Systems: A Case Study in the Udawalawa Irrigation and Settlement Scheme <i>L. M. Abeywickrema</i>	255
Benefits of Integrated Water Management <i>W. D. S. Abeywickrema</i> Department of Agricultural Economics, Faculty of Agriculture, University of Ruhuna	255

Rainwater Harvesting for Domestic Use in Water Policy <i>T. Ariyananda</i> , Coordinator, Lanka Rainwater Harvesting Forum No. 5, Lionel Edirisinghe Mawatha, Kirulapone, Colombo 5	255
Water Quality of Brackish Water Ecosystem from Deduru Oya to Mundel Lake: Area of Extensive Shrimp Farming <i>T. N. Ariyananda and E. I. I. Silva</i> Intermediate Technology Development Group, 5, Lionel Edirisinghe Mawatha, Kirulapone, Colombo 5 Institute of Fundamental Studies, Hantana Road, Kandy	255
Women's Participation in Irrigated Agriculture and Farmer Organizations: Implications for the Future <i>Kusum Athukorala and Padma Weerakoon</i>	255
Food Security and Irrigation Development in Sri Lanka: Past Achievements and Future Prospects <i>Randolph Barker and M. Samad</i>	255
Economic Impact of Irrigation Water Management: A Case in the Huruluwewa Major Irrigation Scheme <i>K. M. Gunaratne, B. R. Ariyaratne</i> Consultants, SCOR, International Irrigation Management Institute	255
Assessing the Impact of Land Use Conversions on Water Demand: A Prerequisite for the Formulation of Policy for Water Allocation <i>E.R.N. Gunawardena</i> Department of Agricultural Engineering, Faculty of Agriculture University of Peradeniya, Peradeniya	255
Groundwater: Do We Treat Correctly? <i>W. C. K. Indrapala</i>	256
Ayurvedic View of Water <i>T. D. N. Karunaratne</i>	256
Some Promising Research Fields for Sustainable Water Resources Development in Sri Lanka <i>Mahinda Kurukulasuriya</i> M.Sc, Ph.D, D.Sc, C.Eng, FIE (SL), MIE (Ind), MIE (Aust), MASCE, MCIWEM (UK)	256

A Rational Approach to the Use of Limited Shallow Groundwater Supplies within the Small Tank Cascade Systems of the North Central Province of Sri Lanka <i>C. R. Panabokke</i> , Research Fellow, IIMI	256
Source Protection for Cost-Effective and Sustainable Rural Water Supply <i>K. S. K. Ranasinghe</i> Senior Engineer (Rural Water Supply), National Water Supply and Drainage Board..	256
Mahaweli Water Management to Maximize Benefits <i>P. Samaraweera</i> Director, Water Management Secretariat, Mahaweli Authority of Sri Lanka	256
Challenge of Change from a Wasteful Culture to a Conserving Nature <i>Peiris V. R. Sena</i> , Mechanical Engineer	256
Water Balance and the Irrigation Need of Rice in Different Agro-Ecological Regions of Sri Lanka <i>K. D. N. Weerasinghe</i> , <i>W. S. Attanayake</i> Department of Agricultural Engineering, Faculty of Agriculture, University of Ruhuna, Mapalana <i>J. L. Sabatier</i> IRAT/CIRAD, Montpellier, France	256
Shared Control of Natural Resources (SCOR): A Market-Oriented Watershed Management Strategy <i>C. M. Wijayarathna and Kumudini Jayawardena</i>	256
Participatory Efforts in the Rehabilitation of Minor Irrigation Tanks in Sri Lanka <i>N.T.S. Wijesekera</i> , University of Moratuwa, Moratuwa <i>G. Chandrasena</i> , Department of Agrarian Services, Colombo <i>D. D. Waniganayaka</i> , Department of Agrarian Services, Colombo	257
Recommendations for Water Data Planning and Coordination in Sri Lanka <i>N.T.S. Wijesekera</i> , University of Moratuwa <i>D.C. Malone</i> , Water Resources Consulting Services, NSW, Australia <i>A.J. Ranwala</i> , Lanka Hydraulics Ltd., Moratuwa <i>B.P.N. Mendis</i> , Water Resources Secretariat, Battaramulla	257

Status of Water Data Collection, Processing and Management of Sri Lanka*N.T.S. Wijesekera*, University of Moratuwa*D. C. Malone*, Water Resources Consulting Services, NSW, Australia*D. A. J. Ranwala*, Lanka Hydraulics Ltd., Moratuwa*B. P. N. Mendis*, Water Resources Secretariat, Battaramulla 257**Participatory Watershed Management: Present Status and Future Prospects***H. M. Wimalasinghe and C. M. Wijayarathna* 257
